justinc918@g.ucla.edu | (650) 561 2609 | linkedin.com/in/j-chen | US Citizen

SUMMARY

Computer Science major at UCLA and Kleiner Perkins Engineering Fellow with experience in agentic workflows, full stack development, and algorithms through software production, research, and competitive programming.

EDUCATION

University of California, Los Angeles (UCLA)

Los Angeles, CA

Bachelor of Science, Computer Science

June 2028

- GPA: 3.91 / 4.0
- Relevant Coursework: Neural Networks and Deep Learning (EC ENGR C147A), Neural Networks and Deep Learning II (EC ENGR C147B), Natural Language Processing (CS 162), Applied Numerical Computing (EC ENGR 133A), Intro to Machine Learning (CS M146)
- Member of Upsilon Pi Epsilon

The Harker School

San Jose, CA

High School Degree

May 2024

- GPA: 4.6 / 4.3 (Weighted)

AWARDS

Kleiner Perkins Engineering Fellow (2026)	USACO Gold	4-time AIME Qualifier (2020, 2021, 2023, 2024)
PSAT National Finalist	AP Scholar with Distinction (2022, 2023)	Presidential Volunteer Service Award Gold

EXPERIENCE

WisdomAI - Kleiner Perkins, NVentures-backed AI Startup

San Mateo, CA

Machine Learning Engineer Intern

June 2026 – Present

- Improving performance of harness through detection of inconsistencies within data and generation of tests
- Creating new features, scaling up older features for larger datasets, and introducing automated options for manual parts of the product

UCLA StarAI Lab

Los Angeles, CA

Researcher

March 2026 – Present

- Studying and improving performance of probabilistic circuits through implementation of new optimizing techniques
- Currently conducting guided research under two PhD student mentors

UCLA Scalable Analytics Institute (ScAI)

Los Angeles, CA

Researcher

March 2025 – March 2026

- Explored collaboration between AI agents and workflows as a student researcher at ScAI
- Created a dynamic, multi-agent deep-learning workflow that can generate well-researched reports for answering trading-related queries
- Worked with technologies including MCP servers, Langchain, knowledge bases, and locally hosted models

ACM ICPC at UCLA

Los Angeles, CA

Officer and Regional ICPC Team member

October 2024 – Present

- Producing content for annual UCLA-hosted competitions and competitive programming workshops
- Member of 2025 and 2024 UCLA ICPC Regionals Team

HYEL

Los Angeles, CA (Remote)

App Development Intern

October 2024 – December 2024

- Developed an iOS minigame in Swift, working full stack
- Wrote game code and produced visual assets in XCode, VSCode, Figma, and Adobe Illustrator

SKILLS

Frameworks: FastAPI, PyTorch, vLLM	Tools: Google Cloud, AWS, Git, Docker
Languages: Python, C++	Algorithms and Machine Learning Math
	Bilingual (English, Chinese)
